The newly formed Department of the Performing Arts under the direction of Jerald Stone has recently presented MY FAIR LADY as its first production. The Department hopes to create theatrical experiences for the students and community which will transcend the average high school performance.

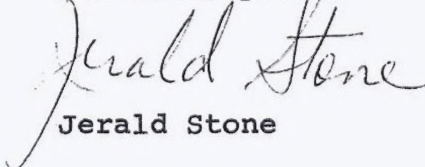

Paul D. Schreiber High School has for years held the distinction of having some of the finest music organizations in the United States. This year the Department of the Performing Arts has been asked to present the opera THE MEDIUM by Gian-Carlo Menotti for the Music Educators' National Conference in Washington, D. C. on February third 1969.

The presentation of an opera is an outstanding educational experience for the performers and those students who attend and is a rewarding and entertaining evening for those adults in attendance. I believe the audiences of MY FAIR LADY will understand the kind of program we have established here. As you are well aware, an opera, no matter how charming and entertaining has much more difficulty drawing an audience than a musical comedy.

In order for our program to develop and build into something of which this community can be proud, we need your help. We need your support in the form of attendance. We can promise your money's worth of entertainment. I believe we owe it to the children in this community to foster a program which is rich in cultural value.

Our performances at Schreiber High School will be on January 18 and 25, 1969 at 8:30 p.m. Tickets are \$2.00 for everyone. We are self-supporting and do not receive school funds for these performances.

Sincerely yours,

  
Jerald Stone
